1. Short List of Services Providers

As part of the VERDEinMED project, a **Call for Expression** of Interest was launched to establish a pool of qualified service providers and local mentors supporting sustainability, innovation, and circular economy practices in the textile sector.

The call aimed to select experienced professionals and organizations capable of delivering Private/Group Consulting, Coaching, Training, and/or Mentoring in the following qualified services:

- A. Support services for product sustainable innovation (ecodesign, second-life products, material innovation)*
- B. Support services for process sustainable innovation (circular innovation, material recovery, recycling, waste minimization)*
- C. Product/process sustainability certifications (LCA, EcoLabel, EPD)*
- D. New international legal and regulatory standards & labelling (GOTS, OEKO-TEX, Fair Trade)*
- E. Climate Change Services (carbon accounting, net-zero strategies, climate risk assessment)*
- F. Circular Economy Services (closed-loop systems, waste reduction, EPR systems, take-back schemes)*
- G. Certifications and Policies Services (sustainability policies, compliance, certification training)*
- H. Manufacturing Systems Optimization (lean manufacturing, energy-efficient machinery, monitoring systems)*
- I. Energy Management Services (energy audits, renewable energy integration, analytics-based optimization)*
- J. Environmental Legislation Compliance (legal audits, business compliance, trade regulations)*
- K. Sustainable Business Models Development (corporate sustainability strategies, stakeholder engagement, green innovation)*

The call was open from March 18 to May 15, 2025.

Below is the shortlist of selected applicants, who will be invited to support companies during the implementation phase.

Please note: the list is not ranked in order of merit.

Project overview

The VERDEinMED project is an initiative funded by the Interreg Euro-MED programme to promote the circular economy in the textile sector. VERDEinMED is a thematic project that will provide a support service to boost circularity in the textile value chain for businesses, consumers, policy makers and academia.

The project is part of the Innovative Sustainable Economy mission of the Euro-MED programme, which seeks cooperation between Mediterranean countries to promote smarter and greener business models. It brings together 10 partners and 15 associated entities from Greece, Spain, Portugal, Italy, Slovenia, North Macedonia, Bulgaria, Tunisia, Turkey, Belgium and Lebanon.
